## TERMS OF SALE

### THESE ARE THE UNIFORM TRADE TERMS OF THE AMERICAN ASSOCIATION OF NURSERYMEN

All bills payable net sixty days from date of invoice with discount 2% ten days, 1% thirty days.

For cash in advance a 3% cash discount is allowed.

Interest at the rate of six per cent per annum shall be charged on accounts from the date of maturity.

All prices are for goods in nursery, packing extra.

**PRICES** subject to change without notice.

**SPECIMEN PLANTS.** Specimen plants, selected by the customer or by his representative, will be priced according to their individual values.

**CAUTION.** We accept all orders upon condition that they shall be void should injury befall stock from frost, fire, hail storms or other causes over which we have no control.

**GRADES.** We grade carefully by standards of American Association of Nurserymen; in some cases by caliper; in others by height. When graded by both caliper and height, the caliper must govern.

**CLAIMS.** No claims for rejections or deficiencies will be entertained unless made within ten days after arrival of goods.

**TRUCK DELIVERY.** When the size of the shipment warrants, we are in a position to arrange for direct delivery by truck in bulk at reasonable rates.

Where customers wish to send their own trucks for bulk loading, it is advisable to give us three or four days advance notice, so that we may have the material ready when the truck arrives and avoid delay.

Care should also be taken that all trucks carry sufficient tarpaulins to properly cover the stock.

**PACKING** will be done in the best possible manner, and charged for at the cost of material used. Boxes and bales delivered free of charge to all railway stations. After goods are delivered to forwarder in good condition our responsibility ceases.
